## The Assassination & Funeral of Abraham Lincoln

This account has all the essentials of a murder mystery  
the difference is that this story is absolutely true.

Even if you hate history you won't want to miss  
this program about our 16th President.

The narrative begins 4 years before the assassination of President Lincoln in 1865 and ends in 1963 with the death of the last person to have looked upon the face of President Lincoln.

The President's first funeral was in Washington, D.C. and was followed by 11 subsequent ceremonies over a period of 20 days.

The 1654 mile funeral procession included a stop in York, Pennsylvania.

36 years later, President Lincoln was finally laid to rest for the last time after having been moved 17 times since first being entombed in Springfield, Illinois.
